About This Game

A vast choice-based digital gamebook set within the Warhammer 40,000 universe where you are a Space Marine!

You are a veteran Space Marine of the Imperial Fists Chapter. Equipped with powerful Terminator armour and armed with the deadliest weapons that the Adeptus Astartes wield, you are a symbol of the Emperor's might. Trapped aboard the space hulk Herald of Oblivion and the only survivor of your squad, you must fight your way through the aliens and heretics that infest the star vessel and find a way to escape the horror and return to your Chapter.

Herald of Oblivion is adapted from the gamebook written by Jonathan Green and was originally published by Black Library/Games Workshop.

Title: Legacy of Dorn: Herald of Oblivion

Genre: Adventure, RPG

Developer:

Tin Man Games

Publisher:

Tin Man Games

Release Date: 2 Dec, 2015

b4d347fde0

Minimum:

OS: Windows XP SP3

Processor: 2 GHz dual core

Memory: 2 GB RAM

Graphics: Hardware Accelerated Graphics with dedicated memory

Storage: 350 MB available space

English

The Hive Tyrant turns its needling stare on you and

in the same moment you feel its alien consciousness probe your mind's defences, like talons scraping the inside of your skull.

There is a sinister, self-aware intelligence at work behind those glassy, shark-black eyes.

'Brother Nabor!' the Librarian gasps. 'Stay back!'

Unconsciously you tighten your grip on the weapon in your hand. Radamus's own wargear - his force hammer and storm shield - lies not far from you amidst the viscous phlegm-like slime covering the spongy floor.

'But Epistolary,' you begin, taking a step towards the monstrous Tyrant and its captive.

'The beast is too powerfull' Radamus gasps, clearly

This is a good Choose-Your-Own-Adventure style game for Warhammer 40k. The aesthetic is nice, the combat is simple to understand, and the achievements encourage multiple playthroughs by trying different paths.

That being said, it can get a bit samey once you've beaten the story once, as you basically just skip pages to rush to specific points for achievements, and there are certain points with rng that can lead to an instant game over. Unless you use the Initiate difficulty, which lets you get achievements easily by giving you an instant full-heal and the ability to go back pages if something goes wrong

But overall, this game is definitely worth a play for Warhammer 40k fans, as the reading is good and the style is unique.. Excellent. Reminiscent of the old Fighting Fantasy games. Captures the essence of 40K well. Short game (maybe 2-3 hours), but highly recommended.
